TERRIFYING. TOP SECRET. TRUE.
THE INSIDE STORY TWO GOVERNMENTS WERE AFRAID TO TELL.

In August 1983, Korean Airlines Flight 007 was shot down over Soviet airspace. Everyone aboard — 269 innocent people — was killed. Did the Soviet military make a tragic error, or was it a deliberate, brutal attack? Extensively researched, this chillingly real HBO Original Movie takes us inside Washington's corridors of power to probe the extraordinary truth behind the most serious threat to world peace since the 1962 Cuban missile crisis. 1:30. August 20, 23, 26, 29, 31 □ ○
